

Discography of the Mainstream Label

Mainstream was founded in 1964 by Bob Shad, and in its early history reissued material from Commodore Records and Time Records in addition to some new jazz material. The label released Big Brother & the Holding Company's first material in 1967, as well as The Amboy Dukes' first albums, whose guitarist, Ted Nugent, would become a successful solo artist in the 1970s.

Shad died in 1985, and his daughter, Tamara Shad, licensed its back catalogue for reissues. In 1991 it was resurrected in order to reissue much of its holdings on compact disc, and in 1993, it was purchased by Sony subsidiary Legacy Records.
