

Tru-Sound Label Discography:

15000 Series:

The Tru-Sound label may be yellow with black print, black with silver print, or purple with silver print. The significance of the colors is not known. Above the center hole is "TRU-SOUND" in a series of overlapping circles, with "THE TRUE SOUND of HIGH FIDILITY" above it.

I have Tru-Sound 15011 on the Status label. The standard Tru-Sound cover was used but a Status sticker was applied to the front of the cover. The record itself has a Status label that was orange with black printing, "STATUS" above the center hole with a large "S" above. It's not known how many of the Tru-Sound 15000 series were issued on the Status label,
